

Top Ten New Years Resolutions for **Josh Dooms - The Cranky IT Guy**

1. Put Tape Under Their Mouse So They'll Stop Emailing Me.
2. Send a Company Wide Email Telling them The Printer Has Amazon Alexa Built In - Install Hidden Camera By Printer.
3. Block Social Media Sites To See Who Complains - Report Them To Their Boss.
4. Install a Hidden Speaker That Makes a Cat's Meow Every 4 Hours.
5. Develop a Chrome Extension to Replace "Thanks" with "Smell Ya Later".
6. Block All Sport Sites During World Cup, College Football Playoffs, and March Madness.
7. Change All The IP Addresses of Printers So People Have To Walk Across The Building.
8. Disable 11ac and 11ax Speeds So Users Know Who's The Boss.
9. Set Up Custom Auto Response From Help Desk Informing Them of the Star Wars Marathon, and We Will Respond When The Force Gives Guidance.
10. Record Training Video On How To Replace Toner. Remind People That Replacing Toner Is Not An IT Problem. It's a YOU Problem.
